PROFESSIONAL EXPERIENCE

Boston College
Associate Director, Instructional Media
Manage the media production staff and studio facilities at the Center for Digital Innovation in Learning. Oversee the production of educational media assets. Collaborate with faculty members and design teams to develop instructional media. Contribute to organizational planning and strategy as a member of the leadership team.

Chestnut Hill, MA
2021 - Present

Harvard University
Post-Production Manager
Managed and mentored eight full-time video editors. Ensured timely delivery of audio, video, interactive, and photographic content. Provided ongoing feedback regarding the technical and visual quality of media assets in all phases of production. Advised course development teams and faculty on best practices in educational media production and post-production.

Cambridge, MA
2017 - 2021

Harvard University
Video Editor
Collaborated with faculty, instructional development teams, and production staff to design and create multimedia assets for use in HarvardX courses. Edited video lectures, readings, discussions, and interviews. Created graphics and animations. Assisted with storyboarding and scripting. Coordinated post-production workflow.

Cambridge, MA
2013 - 2017

CURRENT MEDIA PROJECTS

Digital Media Learning Lab
Founder/Creative Director
An initiative that promotes the thoughtful integration of media in diverse learning environments. Currently producing a series of animations that illustrate foundational concepts in digital media design and production.

Norwood, MA
2024 - Present

Every Rock Has a Story
Producer
A two-time New England Emmy-nominated YouTube series created by Dr. Ethan Baxter, Professor of Earth and Environmental Sciences at Boston College, designed to help all children see themselves as scientists and to inspire wonder, curiosity, and engagement with the natural world.

Chestnut Hill, MA
2021 - Present
